KIT SCIENCE WEEK 2025: URBAN TRANSFORMATION & CITIZEN SCIENCE

We are pleased to invite you to the **KIT Science Week 2025**, focusing on the theme City of the Future: www.scienceweek.kit.edu

A key highlight of the week is the scientific conference (15-17 Oct.):

Urban Transformation - Connecting Urban Sustainability Labs

Researchers at all stages and students are invited to participate!

Featuring Eucor workshops aimed at early career researchers during the accompanying programme on 14 October (free of charge).

Join our **Citizen Science Workshop & Expert Consultation** on 17 October (registration open soon) with leading experts Josep Perelló, Anne Kathrine Overgaard & Thomas Kaarsted – aimed at researchers (all levels and disciplines), university support staff, local NGOs, civil society members, municipal policymakers, librarians, and educators.

This offer is organised and hosted by EPiCUR and KIT Graduate School CuKnow of the KIT Center Humans & Technology.

Where?

- Karlsruhe Institute of Technology (KIT) in Karlsruhe, Germany

How much?

- Students & PhD candidates: Free
- Other researchers: 200€
